Pick up: Concept Map-Binder pg 15/half sheet pg 16/Water Wisdom WS pg 17

Today you will:

1. Finish Cornell notes
2. Work w/ neighbor to complete concept map
3. Discuss the properties of water & why they are important to life

Homework: Read Water Wisdom before tomorrow

Study! Learn properties now, NOT the day before quiz

DSQ-ISN pg 13

- Which water property is represented:

Water moving up a plant to reach its leaves?

Properties of Water Concept Map KEY

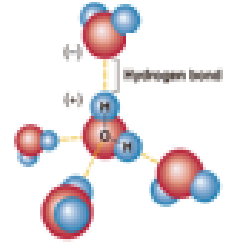

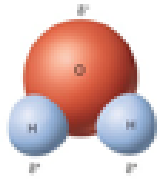

Biology

Water's Unique Properties Result From...

Polar Molecule

Universal Solvent

Hydrogen Bonding

Cohesion

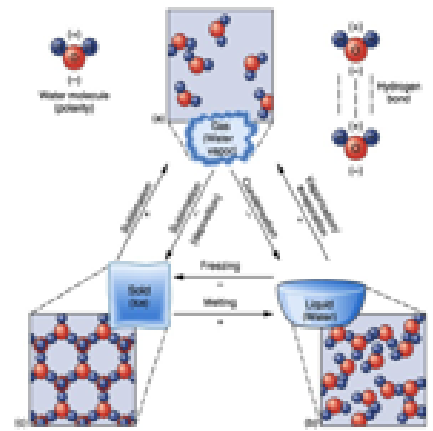

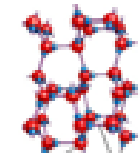

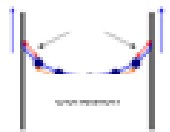

Adhesion

Less Dense as a Solid

High Specific Heat / Heat Capacity

Surface Tension

Capillary Action
