Pick Up: ■ none

Quiz Monday

Today
you
will:

- Plant your mangroves & plan what you will test
- Study for Quiz-Scientific Process
 - Experimental Design-Variables
 - Graphing

Focus on the learning, not the grade!

Station 4: Mangrove Planting Instructions

Red...

- Fill the pot with 1000mL of soil (about 1-2 inches from top)
- Plant the propagule (brown to the ground)
- Label your name on a popsicle stick and place in pot.
- Measure your propagule and record in your ISN.
- **NO WATER**

✚ Divide ISN pg 20 into three parts

Station 1

Station 2

Station 3
