Homework/Planner:

**Review your notes tonight!**

Please make sure  
your phones are  
in your bags.  
**Have ISN out!**

# DSQ ISN pg 44

- Explain how the diagram represents the cell theory

# MICROSCOPE/CELL LAB

## ◎ ISN pg 47

- Use the microviewers to answer questions related to different slides
- READ the card at the microviewer, many of your answers will come from this.

## ◎ ISN pg 46

- Go to counters and pick up sheets on the different types of microscopes
  - Sit at desk & use *Textbook pg 19 for Compound Light Microscope*
- ◎ Go to the compound light microscopes and look at a drop of water, what do you see?
- ◎ **When finished, STUDY!**
